

## ORDER FOR SERVICE OF TEN MILLION MEN FIXED BY DRAWING

War Department's Huge Task is Completed With Little to Mar the Monotonous Routine of Drawing Ten Thousand Numbers From the Big Bowl.

### EXEMPTION BOARDS NOW BEGIN TASK OF DETERMINING STATUS OF CHOSEN

Within Ten Days Men Who Are Subject to President's Orders for Service May Be Appearing Before Various Local Boards. Work of Instruction Next in Order.

WASHINGTON, JULY 21.—(Associated Press Dispatch)—With 10,000,000 men listed in the order of their liability to service, the Federal government began today its last task of preparing for the organization for a selective draft army, the work of determining who among those chosen shall be exempt.

The drawing to determine who shall first be liable for service ended early today after being in progress 16 hours, and while the officials in charge rested from their work, others took up the task of official figures for forwarding to local exemption boards throughout the country.

Most of this work, it is hoped to complete before the day is over so that the local authorities can be given their instructions early next week.

Within ten days the men who are subject to the President's orders for mobilization may be appearing before their boards for examination and for decision as to exemptions. Twice 687,000 are to be summoned by the boards on the theory that two registrants must be examined for each one accepted and the number each registration district must furnish has been fully worked out.

The Provost Marshal General's office was greatly pleased over the outcome of the drawing, officials declaring it an accomplishment scarcely less noteworthy than the registration six weeks ago.

Ten million men, they pointed out, had been appointed to places on the nation's muster roll in less than one day, and with only one minor error in the whole process.

The single error came to light near the end of the drawing when a blank was found where there should have been a number.

What serial number should have been in the place had not been determined today, but it will be found by a careful count of the list. Then it will be assigned to the only place left—No. 10,100.

With the close of the drawing the great bulk of the business of making the new army ready will be passed on to state and local authorities. They now must post the numbers of the men first to be called from each district. They must summon them for examination and later on take up the subject of exemption.

It will be their duty in short to turn over to the Federal government when the mobilization call comes in September their given quota of men ready to be soldiers.

### MISSING NUMBER FOUND

WASHINGTON, JULY 21.—(Associated Press Dispatch)—Number 4664 in the number which should have been in the capsule which came out of the bowl in the draft lottery. It was discovered several hours later by officials checking the tally sheets.

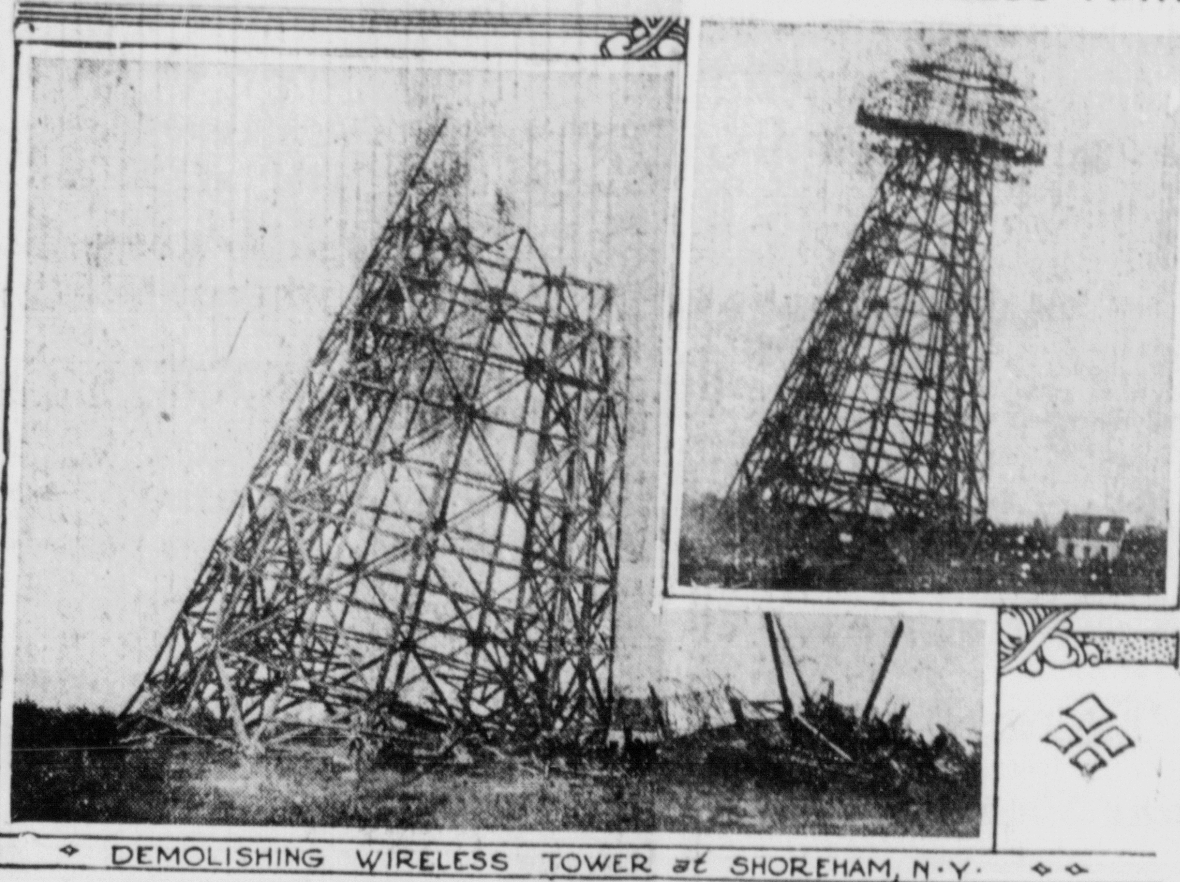

A blank for the empty capsule was left at the foot of the list, and this was reported to Secretary Baker. Officials in charge say, however, that it probably will be placed in the order in which it was drawn, its rotation number being 10,004. This would shove each number as now on the list from 10,004 to 10,499, down one place further on the list.

## THE U. S. GOVERNMENT DEMOLISHES WIRELESS TOWER

DEMOLISHING WIRELESS TOWER AT SHOREHAM, N. Y.

Suspecting that alien enemies were using the big wireless tower at Shoreham, N. Y., to receive important information concerning the movement of United States war ships, steamships and troops and other important government matters, the federal government had the tower demolished.

Charges of dynamite were placed under the foundations, and when these were blown out the tower collapsed. The presence of a number of strangers in the vicinity, some of whom were seen not far from the tower, hastened the destruction of the tower.

The tower was about 100 feet high and was erected by Nikola Tesla some fifteen years ago for use in some of his electric experiments. Several years ago Tesla abandoned it and subsequently the property was sold at foreclosure. At one time there was a very sensitive reveiver at the tower, but that is said to have been removed years ago.

## MUTINY UNDER WAY IN RUSSIAN RANKS; BRITISH ATTACKING

By Associated Press Dispatch.

Although Russia has been struck a severe blow on the northern Galician front through the mutiny of regiments of her troops under extremist influence, the forces of order appear to be getting a firmer grip on the difficulty in Petrograd.

What course the provisional government will take toward Finland, whose Diet has passed a bill declaring complete independence of Russia, has not been disclosed.

While chief military interest on the battlefield in the east where the Russians are having to contend with dissatisfaction in their ranks as well as the Germans and Austrians, there is sufficient action on the western front to command close attention.

The German Crown Prince received a severe beating in his recent attack along a wide front in the Aisne region but nevertheless is sacrificing more of his troops in efforts to shake the French line.

There was violent fighting last night south of Cerny on this front, but although the French positions were twice penetrated the end of the fighting showed them to have remained intact.

A British general attack on the Belgian front with the intensity of the big gun fire seems to indicate as impending, has not yet been delivered. Raids on an extensive scale are being continued by General Haig's troops, however, and last night they penetrated on a wide front near La-Basse and Armentiers. A big raid was also conducted on the German trenches at Greenland Hill north of Roex.

## CHOICE FOR WAR SAYS LORD GEORGE

(Associated Press Cable.) London, July 21.—Premier Lloyd George said today that the speech in the Reichstag of Dr. Michaelis

the new German chancellor meant that if Germany were victorious there would be annexation all around and that the military autocracy would be established more firmly than ever. The speech showed, the premier asserted, that those in charge of affairs in Germany had for the moment made the choice of war.

## COOKS

By Associated Press Dispatch.

Washington, July 21.—The quarter master general's department has sent out telegrams to presidents of 58 hotel associations throughout the country requesting the loan of 3840 experienced cooks to superintend the kitchens in the 16 cantonments for the new National Army. Fifteen civilian cooks will be required for each regiment to be formed, making an average of 240 for each camp.

## MAYOR BELL

By Associated Press Dispatch.

Indianapolis, Ind., July 21.—Joseph E. Bell Mayor of Indianapolis, indicted with 45 others by the federal grand jury for alleged conspiring to commit election frauds, was at liberty today under \$10,000 bond. The 46 men, among them city officials and members of police department are charged with violation of the federal statute giving all citizens equal right of suffrage.

The grand jury investigation which resulted in the indictments was the result of testimony given in the recent trial of Samuel E. Parrott, chief of police and six other city and po-

## FOOD SUPPLY ENOUGH FOR 1917 AND 1918 PERIOD, SAYS PREMIER

(Associated Press Cable.) London, July 21.—Premier Lloyd George in a speech today said that the food supply for the 1917-1918 period had already been secured and that a program of cultivation had been arranged to make the supplies for the following year secure even if ship losses increased.

"I don't wish Germany to harbor any delusion," Mr. Lloyd George continued, "that Great Britain will be put out of the fight until full liberty has been established. I predict that it will not be long before the German Chancellor delivers a different speech and that is the one for which we are waiting. We can't make peace with a Germany dominated by autocracy. The war now becomes a struggle between two definite groups of national ideals."

At another point in his speech the Premier said:

"Regarding the submarine menace, I must disagree with Chancellor Michels. Gradually but surely we are increasing our protection and diminishing our losses. . . . In conclusion the Premier said the Entente Allies will go on fighting to the end, knowing the future of mankind is in their trust to maintain and defend."

When Mr. Bell learned of his indictment yesterday he went to the office of Mark Storen, U. S. Marshall, accompanied by a number of friends and his attorneys and gave bond. A number of others also surrendered.

## WEATHER

Washington, July 21.—(Associated Press Dispatch)—Weather prediction for the week beginning Sunday:

Ohio Valley—Generally fair except for scattered local thunder showers. Warm, probably cooler toward close of week.

## \$2 WHEAT

By Associated Press Dispatch.

Washington, July 21.—Preliminary to a final vote on the administration food control bill late today the Senate, without a roll call, adopted the bipartisan leaders' compromise for the minimum price fixing section. It authorizes a government guaranteed price for wheat only at not less than \$2 per standard bushel until January 1, 1919, payable at the principal interior markets.

The amendments of Senator Pomerene authorizing the President through the federal trade commission to fix prices of coal and coke during the war, to take over at reasonable price and operate coal mines and to regulate wholesale and retail distribution and wages of coal miners was adopted 72 to 12.

An amendment by Senator Owen creating a joint congressional committee on expenditures of war to supervise appropriations was accepted 53 to 31, many Democrats joining with a solid Republican vote for it.

## GERMAN IN U. S. UNIFORM UNDER ARREST

By Associated Press Dispatch.

Newark, N. J., July 21.—Karl Dassel, a member of the first regiment of the New Jersey National Guard, said to have been formerly a non-commissioned officer in the German army and to have a brother who is now an officer in the German army was today arrested here and put in jail on orders from the Department of Justice. The officials here declined to make public the character of the charge on which Dassel was arrested. It was indicated that Washington was in possession of evidence not known to the local authorities.

## FOR WAR FUND

By Associated Press Dispatch.

Washington, July 21.—Secretary Daniels today submitted to the House estimates aggregating \$137,366,177 for war needs of the navy, including ammunition, ordnance supplies, improvements of yards and docks, clothing, and enlargement of navy yard and gun factory here.

## CRITICISES MINISTERS

(Associated Press Cable.)

Petrograd, July 21.—The cabinet meeting leading to the announced resignation of Premier Levoff sat until dawn yesterday and was somewhat stormy. Minister of war Kerensky criticized the ministers and military authorities for not rising to recent events and for not using their powers to suppress mutiny.

M. Kerensky was particularly severe toward General Polovtzeff, governor of the Petrograd military district, whom he proposed to remove from command but reconsidered the decision after the ministers had assumed their responsibility of changing the original orders of the general which they considered were dangerous.

## CONSUL IN PRISON

(Associated Press Cable.)

Amsterdam, July 21.—The Lokal Anzeiger, of Berlin learns that the American Consul at Odessa, John A. Ray, has been imprisoned there with his British colleague for having spoken unfavorably of the revolution. The soldiers refused to liberate him.

## OUT ON A STRIKE

By Associated Press Dispatch.

Leadville, Colo., July 21.—Metal miners in this district struck this morning. 37 properties are involved. In each mine eight or ten men remain to keep the property free from water.

## EXPECTED TO RESIGN

(Associated Press Cable.)

Lima, Peru, July 21.—The resignation of the Peruvian cabinet is believed imminent. It is considered in political circles that a new ministry will be organized.

The present cabinet was appointed August 15, 1915, by President Pardo.

# About Selecting Automobile Tires

The changing Tire Market recently has afforded the irresponsible makers of "wild cat" Tires opportunities to profit largely at the expense of automobile owners.

Extravagant claims and promises, impossible of fulfillment, are employed to make sales of these non-standard Tires. Also a cheap price is hung up to deceive the buyer.

Our long experience in selling Tires has proven positively

that it is a costly mistake to buy such Tires, however cheap they are sold.

Many things enter into the selection of Tires for your car. Take advantage of our experience and consult us about your Tire requirements. 12 makes of good tires in stock.

The offer of longer discounts and "confidential prices" on these "wild cat" Tires is made to us almost daily.

## INFORMATION FOR ALL MEN IN 162 LIST

The men included in Fayette's first quota for the draft army, will be called for examination within a few days. Notice of those called will be given in accordance with the official plans outlined below, so that it is not necessary for men to report for examination at the present time. Wait until you are called, and then after being called for examination, each man has seven days in which to file claims of exemption.

Following are the official instructions issued by the government:

### Call for Exemption.

As soon as quotas are assigned to each State and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself when you are called. The mailing is for your convenience, but if the letter never reaches you, you cannot make that an excuse. Watch the lists at the office of your board and see when you are called for examination.

### Physical Examination.

You must report for physical examination on the day named in your call.

(a) If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

(b) If you are found physically qualified and file a claim for exemption within 7 days after your call you will be given 10 days after filing your

claim of exemption to file proof in support of your claim of exemption.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view and notice will be mailed to you at the address on your registration card.

Therefore watch the notices posted in the office of the board about 10 days after the day you were called and make arrangements for the prompt receipt of mail.

## ALL NUMBERS DRAWN BUT FAYETTE QUOTA WILL BE EIGHTY-ONE

Under the selective draft plan conducted by the War Department Friday, the number of every registered man in the United States was drawn.

The first 162 numbers drawn corresponding to numbers of registrants in Fayette county designated those who are to appear before the exemption boards for service on call. The numbers of the remaining registrants were drawn for the purpose of fixing the order in which they are to appear for service in the event the county's quota of 81 is not secured out of the 162 first drawn.

A mere list of numbers means nothing.

The fact that a number was drawn, in itself means nothing—all numbers were drawn. It is the order in which they were drawn which is important as fixing the order to report for service.

The actual number of men wanted from Fayette county is 81, and the government estimate of the number required from which to obtain this number is just double 81, or 162 men. The number of men cited to appear in the first draft is not expected to exceed 162. If indeed it reaches within a score of numbers of 162.

## MAMMOTH AUDIENCE ENJOYS CONCERT BY GREENFIELD BAND

Accompanied by several score of automobiles laden with Greenfield citizens, Price's Premier Band, always a favorite musical organization in this city, arrived shortly after eight o'clock Friday evening, and a crowd of 3,000 to 4,000 persons from this city and county enjoyed one of the usual high class concerts given by the band. The object of the Band was to advertise the Greenfield chautauqua and this was done thoroughly, so that a great number of local citizens were made fully aware that the chautauqua begins July 26 and lasts over August 5th.

The concert was given at the intersection of Court and Fayette streets, where a band stand had been constructed by the Washington Band, and the streets in all directions for nearly a square were jammed with automobiles and other vehicles, while the intervening space about the bandstand was crowded by people. It was one of the largest crowds ever attending a band concert in this city.

The concert lasted from 8:15 to 9:30 and the band, conducted by Mr. Ralph Price, for whom the band is named, consisted of a score of pieces. The concert was enjoyed in detail, and the solo work was especially pleasing. As usual the band was liberal in its response to encores, of which there was many.

Accompanying the band and many other citizens from Greenfield, were Captain Don Caldwell, first lieutenant Strange and second lieutenant Dunkin, of the Greenfield company of infantry.

## CAN STILL ENLIST IN LOCAL COMPANY

Since the selective draft of Friday, many young men who were drawn for service have made inquiry as to whether they could still enlist in a home company—Company M—and have been informed that they can do so, as the object of the draft is to get the men into military service.

Regardless of whether a man has been drafted or not, he can still en-

list in the company at this point, or wherever the full war quota has not been recruited.

But those who enlist in Company M must do so in short order or the entire quota will be filled up and the new conscripts will go into some other organization.

Those who expect to enroll in Company M must do so this week or run the risk of not being able to do so.

## COMPLETING WORK ON FEDERAL JOB

The J. W. Willis Lumber Company of this city is completing a rush job for the government to be shipped to France for bridge construction and pontoon work.

The order consists of large timbers of a kind difficult to handle, and is part of a big order placed at various points by an eastern firm. Ordinary prices are paid for the work, it is understood.

Part of the shipment has already gone forth on its way to France to be used by General Pershing and the allied troops.

## COMPANY M NOW NEAR FULL QUOTA

Earl Thomas of this city is the latest to enlist in Company M. There are now 130 enlisted men with 18 men awaiting examination.

Only 3 more recruits are needed in the company but in case any of the 20 awaiting examination failed more recruits will be needed. Those who were drafted are still eligible to enlist in the company.

The men, during the morning drill, were given quite a "hike" to season them.

## PRESBYTERIAN SOCIETY ENTERTAINS WEDNESDAY

The entertainment committee of the Missionary Society of the First Presbyterian Church will entertain with a social session and playlet entitled "The Packing of a Missionary Bell," at the home of Miss Rose McLean, Circle avenue, Wednesday afternoon, July 25 at 2:30. In case of rain postpone until Thursday. A silver offering will be received. 171 t2

## WILL CLOSE EACH WEDNESDAY P. M.

Announcement has been made by the various butchers and grocers of the city that until further notice they will close their places of business on each Wednesday afternoon. This will be done during the hot season, so that proprietors and employees may enjoy a half-holiday.

## COMPANY M WILL ATTEND SERVICES

Accepting the invitation of Rev. Cherrington of the Grace M. E. church, Company M will attend the morning services Sunday morning at 10:30 o'clock. Reservation will be made. They will march in a body from the armory.

## L. E. MILLER IS IN SERIOUS CONDITION

Mr. L. E. Miller, popular B. & O. operator, was operated upon at the Grant Hospital, Columbus, Friday afternoon, and is still in a very serious condition.

He withstood the operation fairly well, but his condition prior to the operation was very bad.

## LOCATION OF OFFICE OF EXEMPTION BOARD

The Fayette County Board of Exemption's office will be located in the Payee Building, over the Midland Bank, in the offices occupied by Hon. J. M. Willis.

For business with the board, application should be made at that point. Dr. D. H. Rowe is the examining physician, and will issue notice when the various persons drawn are to appear for examination. The examination will be made at Dr. Rowe's office. If he finds a man physically unfit, another physician passes on the same person.

## The New Army Draft

The great work of the selective draft for America's new army has been concluded—the most tremendous lottery in the history of the world is now a matter of history.

By the adoption of a plan which left all to fate—the god of chance—and nothing to favoritism or “pull” the nation has designated, by the fairest method yet devised by man, the order in which more than ten million men will present themselves to the various exemption boards for examination and from whom America's great army of freedom will be chosen.

As was to be expected “chance” played peculiar pranks with the destinies of the men immediately concerned. Upon some the call to service was a heavy one and on others the uncertain method brought certain relief from anxiety.

There are individual cases of hardships brought on by the draft—that was to be expected but it is much easier to bear those hardships when fate brings them than it would be if individuals apportioned, thus heavily, the burdens of war.

In by far the greater number of instances those chosen to report first received the call with joy, glad of the opportunity to participate, on humanity's side, in the great world struggle for freedom.

There was tremendous interest manifested every where as the draft proceeded and the wires of the Associated Press carried the news to every nook and corner of this great land of ours.

There were anxious mothers, fathers, wives, brothers, sisters and friends who waited for every “flash” of numbers.

Friday's work furnished a splendid army—an army which will bring added glory to the flag that has never known defeat.

America honors the soldiers of the great new army—America approves of the plan adopted and America stands ready to back that army with its last cent and its last drop of blood.

All honor to the new army.

## Don't Get Worried

Unless the July sun asserts itself very soon now and drives away the rain clouds that have kept this old earth of ours, hereabouts, soaked with water, most of the time too wet to work in the fields, and all of the time, since wheat cutting, absolutely preventing the threshers from getting the precious grain separated from the straw, it is going to establish a record for being the wet month of the spring and summer of 1917.

Really no serious damage has been done to the wheat crop as yet but unless the dry weather comes along soon now we may begin to estimate losses.

Advance weather reports are encouraging in promises for the closing days of the month. It will require several days of hot dry weather before the wheat now in shock will be ready for the thrasher.

While a little nervousness over present conditions is pardonable there is no need yet, for any one to be downcast on account of wet weather.

Nature having been so prodigally generous with humanity thus far we are entitled to be optimistic as to the future.

We should not permit ourselves to worry. In the first place there is no need of it and in the second it could not be of the least benefit.

## Dr. Michaelis' Peace Policy

Those who had not expected much of substance in the peace declarations of the new German Chancellor, Michaelis, were not disappointed in his speech before the Reichstag on Tuesday.

Those who had looked upon the retirement of Bethmann-Holweg as an indication that Germany was beginning to realize the horrors which the Imperial family and the Prussian junkers had brought upon the world, were disappointed.

The new chancellor makes it plain, in his utterances that he is in entire accord with the war party and is willing to play the puppet for the Kaiser in a very thin attempt to fool the world.

The hold of the Kaiser and the Prussians on Germany and Austria remains unbroken. The sincere socialist element in Germany has secured little, if anything, in the change of minister.

While asserting a desire for an honorable peace the new chancellor makes it plain that he is in full accord with that spirit which has actuated Germany from the start to give nothing and claim everything.

The most discouraging thing in the new Chancellor's speech is that he endorses fully all the barbarities of which Germany has been guilty and but thinly veils the threat that those barbarities are to be continued perhaps increased unless the world surrenders to the Kaiser and his war lords.

No, there is little to hope for in the speech of Dr. Michaelis.

## Poetry For Today

AMERICA AND HER ALLIES.

I send my men in khaki  
With singing on their lips—  
My engineers and artisans,  
My captains and their ships;  
But yet another sending  
Shall greet your lifted glance,  
When the eagles of America  
Are on the wing to France.

My fierce, white eagles,  
They shall gather in their might,  
In hundreds and in thousands  
They shall circle for the flight  
With wings that bear the lightning,  
With eyes that pierce the night.

My soldiers and my sailors  
Shall prove their wrath and will,  
My engineers and artisans  
Shall serve you of their skill;  
But yet a greater service  
The four winds shall advance,  
When the eagles of America  
Are on the wing to France.

My fierce, white eagles—  
They shall gather for the feast,  
Like a swift cloud of judgment  
They shall turn them to the East,  
And God shall steel their talons  
For rending of the beast.  
—By Theodosia Garrison of the Vigilantes.

## IN SOCIAL CIRCLES

Mrs. T. M. Saxton is announcing the engagement of her daughter, Dorothy, to Mr. Henry Casper Groseclose, of Ceres, Virginia.

The announcement is attended with marked social interest, especially in the younger society set, of which the lovely young bride-elect is both a talented and a favorite member. Mr. Groseclose, a polished young Virginian, created a most favorable impression during a recent visit in this city and shares in the best wishes which the announcement is calling forth from friends galore.

The Junior boys of the Y. M. C. A. are planning a farewell banquet next Wednesday night to Lieutenant Robert Johnson of Company M. Each boy is to bring "eats" in order to insure variety and a topping of ice cream cake and watermelon will be on the menu.

Don Duffey, Will Gray and Pete Tracey are the committee in charge and all boys who have been members of the "Y" in the past year are asked to notify the committee whether they will attend.

Lieutenant Johnson was formerly in charge of the Junior Department at the "Y" and is a favorite with the boys.

In honor of her pretty young niece, Jean Hathaway Gunn, of San Diego, Cal., Mrs. Charles Gardner gave a matinee party to see Ethel Barrymore at the Wonderland theater Friday afternoon.

After the fine photo play the twenty-five young guests were entertained at the Gardner home and spent a most delightful evening dancing to Victrola music and enjoying the free handed hospitality extended.

Mrs. Gardner was assisted in serving delicious refreshments by her daughter Mrs. Robert Dunn, and Miss Hazel Flowers.

The party throughout was quite an innovation in younger circles and no entertainment could have given the children more pleasure.

Invitations were extended to the following guests: Jean Worthington, Helen Rodecker, Nelle Mark, Mary Jane Durant, Mary Elizabeth Brown, Mildred Todhunter, Ruth Jamison, Enid McClure, Dorothy Jones, Virginia and Gwendolin Baughn, Jeanette Haver, Oliver Miller, Harold Rodecker, Francis Marion Kennedy, Forrest Smith, Hugh Porritt, Frank Jones Ray Snider, Donald Moots, Ralph Briggs, Roy Slagle, Donald Jones, Ralph Lloyd.

The Girls and Boys Poultry Club was indebted to Mrs. Frank E. Haines for an elegant picnic supper and the happiest of afternoons Friday.

Twenty-six girls and boys participated in a merry round of games and entered with spirit into contests planned by the entertainment committee. Misses Laura Brownell, Dorothy Briggs, Beota Haines, Dorothy Dick, Ruth Cockerill, Frances and Verna Snider.

Everhart, of Dayton and Grove Davis. Of course the supper was the big feature of the afternoon, with fried chicken, salad, home made cake and bread and picnic delicacies galore.

The children are greatly interested in their club work. The girls report 300 chickens and the boys 16 pigs, all doing splendidly and the best part of it is that the girls and boys are actually taking all the care and keeping records for future use.

Mr. and Mrs. J. E. Mark entertained with a charming little dinner Friday evening in compliment to their attractive young guest, Miss Gertrude Sharp, of Denver Colo.

Seated with Mr. and Mrs. Mark and guests Mrs. P. F. Sharp and daughter, Mrs. Ada Jones, Miss Helen Jones, Messrs. Hugh Kennedy and Davis Edwards.

A graceful center basket of nasturtiums and greenery was used in decorating.

Honoring her sister, Miss Augusta Lash, of Wellston, Mrs. Hamilton D. Rodgers of Good Hope, gave an exceedingly pretty little tea Thursday afternoon.

A profusion of summer flowers were in graceful arrangement in the rooms and on the tea table.

Both Mrs. Rodgers and her sister are talented musicians and added much to the pleasure of the afternoon in piano and cornet numbers.

Assisting were Misses Florence Boggs, Mada Ogle, Mary Holdren and Ruth Junk.

Mr. and Mrs. M. L. Sollars delightfully entertained about sixteen young people, at their home on the Bloomingburg and New Holland pike, Thursday evening in honor of their niece, Miss Mable Sollars of Springfield, who is their guest for the week. The evening was spent in music, games and dancing.

Misses Jessie Underwood and Mabel Sollars favored the guests with several piano solos.

Those present were: Misses Helen Carr, Marie Hynes, Margaret Allen, Louise Smith, Janice Hidy, Mabel Sollars and Jessie Underwood; Messrs. Ed Hidy, Roy Baughn, Frank Toole, George Smith, Ben Smith Alva Mitchell, Chas. Burke, Loren Hynes, and Russel Sollars.

A most pleasurable affair Friday evening was a picnic party given by Miss Katharine Snider of Millwood, for her cousin, Miss Lucile Pulsing, of Portsmouth.

There was a jolly round of out door games and the young hostess was assisted by her mother, Mrs. Albert Snider, in serving a delicious picnic supper.

With the honor guests were Misses Laura Brownell, Dorothy Briggs, Beota Haines, Dorothy Dick, Ruth Cockerill, Frances and Verna Snider.

MAX G. DICE  
ACCEPTED IN ARMY

The old saying that "the third time is the charm" was again in evidence when the following telegram reached the Herald, Saturday afternoon— "Kill the Fatted Calf—Am in the Army Now." Max G. Dice.

Young Dice, who became a member of the Herald Staff after graduating from the Miami University in June, has made three attempts to enlist. Twice he applied for Navy service but owing to his slight build failed to pass the examinations. The middle of the week he pluckily made an appointment for examination to enter the U. S. Ambulance Corps and successfully passed in Cincinnati Saturday morning.

Mr. Dice returned from his trip to Cincinnati to find that he had been listed in the first draft, and would have been subject to call had he not voluntarily enlisted.

## LITTLE CONTAGION IN CITY AT PRESENT

Health Officer Byron reports the city more free from contagious disease at the present time than at any time in recent months, there being only one case of quarantine now, and it for scarlet fever.

For months cases of scarlet fever, measles and other contagious diseases have been prevalent to an extent larger than usual, but the conditions at the present time are exceptionally good and the final quarantine is to be lifted in the near future.

## MUST BE CAREFUL OF MEN FOR CAMP

B. E. Toops, of the Fayette-Clinton Employment bureau, has received notice that all persons furnished for work at Camp Sheridan, Chillicothe, must be above suspicion as a German enemy, or in other words, must be a person who is personally known to be a resident of the city and county, and above suspicion of being an alien enemy.

There is still room for additional carpenters and laborers at the big camp.

## HOW TO CONSERVE

Remember the free demonstration of the best methods of canning and drying fruits and vegetables, at the High School building, Tuesday July 24, at 9 a. m. and at 2:30 p. m., at Bloomingburg, Wednesday, July 25, 8:30 a. m. and at the Sunnyside school building, Wednesday at 2:30 p. m.  
Work rooms will not be open for work next week either at the Y. M. C. A. or at Sunnyside on account of the food demonstration.

Don't spoil your clothes, use Red Cross Ball Blue; makes them white as snow. All grocers.

## THE RUTHERFORD MID-SUMMER FESTIVAL AND CELEBRATION TO OFFER GREAT MANY FEATURES

Advance agents, bill posters, banner men and lithographers are in the city and surrounding towns advertising the Rutherford Greater Shows Mid-Summer Gala Jubilee festival and celebration like a regular circus and of course co-operating with all the business men and officials in every way possible to make a big success of the event. Everything will be done, in fact no stone will be left unturned and many thousands of out of town visitors are expected during the week. The Rutherford Greater Shows will furnish all the attractions, side shows, concessions, riding devices and etc. The big show will arrive here Sunday afternoon, coming from Zanesville in their own private special train of 25 cars.

Among the many shows carried to be presented one particular show is guaranteed to appeal to everyone in the city. The Trained Animal Circus. Among the various acts is the \$10,000 featured horse, "Reckless," considered by the press, public and judges of horse sense to be the equine wonder of the age. Reckless multiplies, subtracts, adds, picks out any color at command or anyone in the audience, tells the time of the day or night, by an ordinary watch. Reckless not only does these things, but scores of other mystifying feats. Other shows include:

The Submarine Girls or Diving Venuses; "The Peril of a Nation," an electrical spectacle, showing the possible destruction of New York City by the Kaiser's air fleet. The Big Ten in One Sideshow exhibiting about every live freak known to the civilized world. The Midnight Follies, a musical tab performance with many pretty girls. The largest Merry-go-Round in the world. An Eli Ferris Wheel and the new riding device called "The Whip." Prof. Frank Staunich's Royal Hussar Band will give daily concerts.

## HI SOME FIELDER

In looking over the averages made by the Clintons in their first ten games this season it is noticed that Hi, the old reliable twirler, has accepted fifty-nine chances without a single error, giving him a fielding average of 1.000.

It is doubtful if there is a pitcher in the business, in major leagues or in the "horse and buggy circuit" as Jim Murphy calls it that fields his position any better than Hi. Not only does he handle all hits clean, but he goes after anything hit in his territory and the fear of making an error does not stop him. Visiting teams have found it difficult to hunt for this reason, for the Clintons' twirler is a bear at getting the slow bounders—Wilmington News.

## HARDEST RAIN OF SEASON IN MARION

The hardest rain of the season fell in eastern Fayette county Friday afternoon, causing the small streams to overflow in remarkably short time, and thoroughly soaking things in general.

The rain was accompanied by some lightning, but no serious damage was done.

## TEUTONS DRIVE THE RUSS BACK

(By American Press)

London, July 21.—Great battles, in which the German allies are attempting to assume the offensive, were reported from the western front.

The violent attacks against the French between St. Quentin and Rheims, in Champagne and Alvarodon were accepted by military critics as a supreme effort to break the allied resistance before the United States can become a decisive factor on the western front.

In the Italian theater Austro-Hungarian troops undertook storming operations at various points and elsewhere there were violent cannonades. German troops have broken through three strong Russian zones of defense near the Zlota Lipa river, in eastern Galicia, says the official statement issued at Berlin.

The Russians suffered heavily, the statement adds, and are retreating in disorder. The Germans took several thousand prisoners.

At Jacobstadt, Dvinsk and Smorgon, along the Stokhod river and from the Zlota Lipa to south of the Dniester river, the artillery fire is increasing in intensity.

The German counter drive in Galicia is a measure of revenge, the German war office announces, because the Russians presumed to attack while talking peace.

The Unionist business committee, one of the most influential groups in the house of commons which the war has produced, sent Andrew Bonar Law, chancellor of the exchequer, a letter referring to a previous letter wherein they urged the views on various political matters, including America's entry into the war, economic policy and revolutionary movements in labor centers.

The latest letter recites recent events as having caused doubt in the minds of the writers whether the government is following the developments in Germany with a proper regard for the facts.

They say it is a mistake to suppose that the Germans are unwillingly driven to war by the emperor and Prussian militarists, and that any democratic movement in Germany is likely to sweep out militarism from the country. The German people as a whole, the letter says, are in entire sympathy with the government and there is no reliable sign that the German social structure will not stand the strain of war to the end.

## RUSSIAN TROOPS REFUSE TO FIGHT

(By American Press)

Petrograd, July 21.—Russian regiments are virtually in a state of mutiny along the front and are withdrawing from before the attacking Germans and, as a result, the neighboring units were compelled to retreat. The sensational move was inaugurated by the 60th Mlynov regiment and other extremists adopted the same tactics. The official statement issued by the war office says "the Russian failure to hold the Germans in eastern Galicia was due to extremist detachments holding meetings and discussing the advisability of obeying orders which some regiments had refused to obey."

## FRACTURES LEG IN FALL FROM HAYLOFT

Gilbert Perrill, prominent farmer residing seven miles northwest of this city, fell through the floor of a hayloft Friday, and sustained a fracture of the right leg.

Notwithstanding the intense pain from which he suffered, Mr. Perrill succeeded in getting into his automobile and drove the machine to this city, where he received the attention of physicians, and then returned to his home.

It will be sometime before Mr. Perrill will be able to resume work, but he is able to be about the house some.

## HELP FARMERS GET THEIR COAL

(By American Press)

Columbus, July 21.—Immediate steps to clear sufficient coal in Ohio to thresh the grain harvests now were taken by J. M. Roan, director of the clearing house for domestic coal. Handed under instructions from Governor Cox, letters were sent throughout the state asking communities to report whether they were supplied with enough coal for threshing purposes.

In cases of shortage it is asked that report be made of the quantity needed. "It is of the utmost importance that coal for threshing purposes be made available at once," Roan asserted.

The action was taken as a sequel to reports that farmers and threshers are facing coal shortage and that harvests may be menaced. Roan reiterated that within a short time his agency would have 6,000,000 tons of coal for domestic consumption.

## B. & O. IN CHARGE OF THE C. H. & D.

With the formal transfer of the C. H. & D. railroad to the B. & O. railroad, a day or two ago, the B. & O. has taken full charge of the affairs of the C. H. & D.

The Weston division is included in the transfer, and some changes, long contemplated, will be made in the division.

So far as known the changes will not result in any changes of employees in this city, as the business of two roads have been conducted by the B. & O. at this point for some time.

The officers in charge of the lines appointed were: F. A. Deverell, Auditor; E. J. Boos, Treasurer; E. J. Correll, Superintendent; H. E. Warburton, General Freight and Passenger Agent, and G. F. Malone, Superintendent Car Service.

## THRESHING BEGINS FIRST OF THE WEEK

Threshing will open up generally in Fayette Co. the first of the coming week, providing the weather continues clear and warm, so that the wheat shocks may dry thoroughly.

The rain of Friday evening again delayed threshing a day or two and added to the concern of farmers who fear the wheat may be damaged in the shock.

Where the shocks were small, the wheat is still in good condition and the continued rains have not seriously damaged the grain, but where the shocks are large and capped, some of the grain is moulding. However, with a few bright days, it will be ready for the thrasher.

## Y. M. C. A. TO ERECT EIGHT STRUCTURES AT CANTONMENT

Officials of the National Young Men's Christian Association were in Chillicothe Friday, planning the erection of at least eight Y. M. C. A. buildings to conduct Y. M. C. A. work among the soldiers who will soon be placed in training at the camp.

Plans were made for the erection of a big central building and seven or eight additional buildings at other points in the camp, and within the next two weeks the material for the structures will be on hands and the work well under way, so that when the new draft army assemblies for training the Y. M. C. A. will be ready to do its great work in the camp.

The Y. M. C. A. work will consist of providing reading room, lounging rooms, games, moving pictures, writing rooms with stationery furnished gratis, and all plans possible for the moral, mental and physical development of all who patronize the Association buildings.

It is expected that several hundred thousand dollars will be expended in this commendable work in the Chillicothe cantonment camp.

### TO KEEP COOL IN HOT WEATHER

IS A DUTY AS WELL AS A PLEASURE

**Electric Fans** produce comfort in your place of business, thus increasing the efficiency of yourself and your employees.

The comfort and efficiency of your household is equally important. Do you appreciate the fact that an Electric Fan is a first-class fire-fighter? We have fans to suit every need. Their cost of operation is but a fraction of a cent an hour. Call or phone—Bell 160, Auto. 7011
